MASTER'S MESSAGE

'Life' is both the most simple and the most complex word. Simple in its definition- "the existence of an individual human being or animal." Complex in the act of being.

We all have our moments that make life tough, joyful, exciting, unpredictable. The current time in which we find ourselves has brought out all of those adjectives. I say that this the time for us to stop concentrating on the 'I' and start thinking about the 'we'.

Over time, we have gotten further away from a sense of community, but with the Covid virus among us, we should be aware that we are not in this alone. You may think- I am stuck in my house and away from everyone, how could we be more together? It is because now, more than ever, we need to think about the collective. Especially as Masons, it is the time to show our willingness to be unselfish. We can show it, for example, by helping the older person put the case of water into the cart for them.. We can show it with restraint and patience, both with each other and with ourselves.

We, as Masons, can be an example of what the world can and should be. The kindness that we put into the universe, the positive energy we portray, the smile we smile, all make the world glow. Small acts of kindness in remembering that the world is not us alone will carry further into the ether than we can imagine.

"Be more concerned with your character than your reputation, because your character is what you really are, while your reputation is merely what others the true test of a man's character is what he does when no one is watching."

- John Wooden

MASTER'S NOTES

2020 - New Gavel Time- 7PM Sharp

In 2020 we will be having our first **Candle Lit Master Mason Degree.**

Our Past Masters will perform the **Second Section.** A great night for all!

All Nutley Brothers please contact Br. Ed Honchen at (732) 397-7595, EHonch01@comcast.net, to volunteer for one the smaller roles. Let's come together as one Lodge to raise our newest Brother Master Masons!

"The magic in these Masonic rituals is very, very old. And way back in those days, it worked.

As time went on, and it started being used for spectacle, to consolidate what were only secular appearances of power, it began to lose its zip.

But the words, moves, and machinery have been more or less faithfully carried down over the millennia, through the grim rationalizing of the World, **and so the magic is still there, though latent, needing only to touch the right sensitive head to reassert itself."**

— Thomas Pynchon, [Gravity's Rainbow](#)
