MASTER MESSAGE

Morality - Noun

1 : beliefs about what is right behavior and what is wrong behavior
2 : the degree to which something is right and good : the moral goodness or badness of something

The idea of morality is intriguing because it varies from person to person. There many are times when we can all agree that something is good or bad. However, most times we experience shades of gray.

My focus today is a call to your morality and to ask you stand up for your beliefs. We live in such precarious times where many of us have either given up on our morals or stayed quiet in hopes opposition to them recedes over time

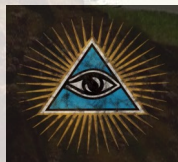

Do not let the world dictate what your morals are. Do not back down, but be open minded. Stand true to who you are. Challenge your thoughts and ideas and opinions by holding reasonable discussion. Be willing to be wrong and realize how little we truly understand in this ocean of endless knowledge. In return you will have a better foundation to grow as a person and Brother.

We need to stand up for ourselves and as a Brotherhood for the principals we believe in. The ones that make life so beautiful and worth living, and the ones that continue to make the very fabric of our fraternity worth growing in and thriving in.

Let us walk upright as a man and a Mason, stand true to our word and be an example for the world around us.

Stand fearless on the edge of forever.

G. Daniel Lukowiak
Worshipful Master
