MASTER'S MESSAGE

“The Music is not in the notes, but in the silence between” - Bro. Mozart

Brethren,

How sweet it is to listen to the sounds of your favorite musician. It is medicine for the soul. There isn't an emotion known to man that is safe from being compared to a particular musical work. There is a universal understanding when it comes to rhythms and harmonies. Simply put, a *Sad Song* is a *Sad Song* & a *Happy Song* is a *Happy Song*. There is a special power at play, and that is why Music is my favorite of the Liberal Arts & Sciences.

There are few who have *NOT* felt the charm of its healing energy. As Freemasonry is built through diversity, so is Music made up of many diverse Genres. This is what makes it so unique. We all get motivated and inspired by its many different layers. Could you honestly say that you have never received goosebumps up and down your neck and arms while listening to a song? I truly believe that musical geniuses possess a divine ability.

With that being said, there are many prolific musicians in the world. *Wolfgang Amadeus Mozart* was one of them. Not only was he a Brother Mason, but he was also a child prodigy who began composing at the age of 5. Long before I was a Mason, Mozart was always my favorite classical composer. When I was in the 6th Grade, my music teacher played the 1984 movie “Amadeus” for us. I was fascinated at the fact that on his death bed, he was able to recite from memory, what would be his last unfinished work, *Requiem*. Many were envious of Mozart's uncanny ability to effortlessly compose Music in minutes, when the same works would take your average composer months.

Personally I love it all. I could listen to Mozart on Monday, Tool on Tuesday & Jay Z on Wednesday. Are you a Fan of just one particular Genre? Or Can you appreciate the Beautiful Art found Across the vast spectrum that is, Music?
