THE JUNIOR WARDEN'S MESSAGE

Polish Your Tools

Brethren,

In our respective work environment we use certain tools to get our job done. It could be a scalpel, wrench, paint brush, or pencil. But as speculative Masons, we were appointed Working Tools as well. These are the implements that we use, combined with the study of noble virtues, to better ourselves.

With these beautiful Summer months, many of us take a breather from our Masonic work and enjoy the Summer for what it is. I would encourage you to reflect on a year well spent and take some time to polish and sharpen your Working Tools. Reread what they are meant to do for you, and reapply these teachings, so when we meet again in September, each and every single one of us can come again in unity and continue our great work.

It is the use of these working tools that set us apart from the rest of the world. Paying dues doesn't make you a true Mason. Showing up to meetings doesn't make you a true Mason. Not even holding a chair makes you a true Mason. It is the Brother who is constantly reflecting, learning, empowering himself with the lessons that Masonry has, that makes him a Mason among his peers.

Brethren, when the day comes that we will travel to that place where no one returns, it will be a time when we should be proud that we lived a virtuous life. Honored to be given that chance to live among all of God's creations & to be an inspiration to our community, family and most importantly our children. For when it is their turn to kneel before the sacred altar of Freemasonry, they can say "I understand what my father meant".

Brother Delton Diaz
